Friars Club Overview

Mission Statement:

THE FRIARS CLUB, a Catholic Franciscan Ministry, develops valuable life skills in our youth through sports, education and leadership programming to enrich their lives and our community.

Ron Walker Youth Sports:

Helping to build character and promoting healthy lifestyles through a program with over 700 boys and girls ages 4-17 and run by over 70 adult volunteers. The young people are taught the fundamentals of sports while being mentored by positive adult role models.

CISE Program (Catholic Inner City Schools Education):

Through support from the Dater Foundation, our afterschool programs provides a healthy snack, tutoring and organized athletics to 300 inner city students at their schools.

Power Pack Program:

In partnership with the Free Store we are able to provide "powerpacks" of nonperishable food for children in need. This is especially challenging for at-risk children during the weekends when many may have nothing to eat again until they return to school.

Leadership and Development Program:

Recruiting Junior High and High School students to mentor 150 "Junior Dribblers" Kindergarten-2nd grade. This allows students of diverse backgrounds to work, play and grow together while emphasizing teamwork as they learn the game of basketball. The teen coaches get the training while the young players score the points, yielding a win-win outcome for all.

Academic Programs:

The Jeanne and Jake Sweeney Learning Center provides after-school tutorial services for children targeting academic deficiencies. The "Before Practice" Program was developed for our student athletes, but has been expanded to help children who are not currently enrolled on our teams.

Summer Day Camp:

An 8-week program for children ages 5-12, providing safe supervision with athletics, academics and enrichment activities including swimming, summer bridge books, arts, crafts, speakers and outings. In collaboration with Youth Services, teenagers are employed to work as camp counselors including many who were in Friars programs as children and now in the Teen Leadership & Development Program
